Discovering DASA

Students' Association
Dundee and Angus College
“The main goal of service design is to transform services. It puts people first, using creativity to solve problems and challenge assumptions. It creates environments where innovation happens.”

"Cuppa and chats are amazing and love them so much and get to know friends."

"it’s like I’m not on a call, and that I’m actually in your office or we are all in a classroom somewhere. These calls are really helping me get through the extremely tough times. So, for that I’m very thankful."

"With my partner working and kids in their rooms. It is great to have some adult conversation and a brilliant laugh, it really does cheer you up, smiling face with smiling eyes."

Coming together when the world is apart.

DASA STEPS CHALLENGE
FRI 29TH - SUN 31ST JAN
Who ever take on the DASA team step challenge? Get together a team of 4 and compete against other teams across the College to win the ultimate prize! Both staff and students welcome. REMEMBER TO SHARE YOUR PHOTOS!
"Opportunities to engage informally like this are so important, especially now, so thank you for organising and for letting us take part. When is the next one?"

"I absolutely loved it such a relaxed atmosphere to talk to the Principals, loved the entire experience"

As usual the DASA are so inventive, so a great replacement for the "traditional" pizza with the principal.

"I found it great! A more relaxed way of speaking to the Principals and enjoyed getting to know everyone (and their baking skills)"
“I absolutely love watching TV programs and I love getting to share this with people with the same interests.”

“I have never really felt like I fit in anywhere, but here I can be myself and meet lots of new friends.”

“Motivate your Mindset is the most positive, motivating club that I am part of. The little quotes and reminders to be kind to myself have gotten me through this lockdown.”

“No Our First Rodeo has been a godsend as I have met with older students who have not been in education for a long time and we support each other!”

“When I am having a difficult day I love going to the Motivate your Mindset team page and reading all the positivity. The videos are a great way to really bring my mood up. Everyone is so supportive to each other.”

“Parent squad has been such a breath of fresh air. It’s great to talk to other parents and know I am not alone in the struggles I’ve faced being a parent in lockdown.”

“I was worried about being at college through the pandemic as I really wanted to make new friends. Being part of the DASA clubs has gave me the chance to do that and be part of something special. It feels like one big family!”
I nominated a student of mine who is a student having a hard time just now and she received a thoughtful pamper pack today! It is clear your team really thought about what to get her and as you can imagine she is overwhelmed with this act of kindness and asking already how she can pay it forward! As the person who nominated I can clearly see the thought that went into this gift and really can't thank you enough for this effort. It has cheered my day/week/months as well as the student’s. You guys do a great job, thanks again!
